

should immediately contact the above office. Documents also will be available for public inspection, by appointment, during normal business hours (8:00 a.m. to 4:30 p.m.) at the above address.

SUPPLEMENTARY INFORMATION: Under section 9 of the Act and its implementing regulations, "taking" of the coastal California gnatcatcher, a threatened species, is prohibited. Under limited circumstances, however, the Service may issue permits to take threatened wildlife species if such taking is incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for threatened species are in 50 CFR 17.32.

The applicants desire a permit to incidentally take 2 pairs of California gnatcatchers and approximately 17 acres of coastal sage scrub, disturbed coastal sage scrub, coastal bluff scrub, and disturbed coastal bluff scrub within a 261-acre project area. The applicants also desire unlisted species agreements for the coastal cactus wren (*Campylorhynchus brunneicapillus couesi*) and 6 sensitive plant species: aphanisma (*Aphanisma blitoides*), ocean locoweed (*Astragalus trichopodus* var. *trichopodus*), south coast saltscale (*Atriplex pacifica*), Catalina mariposa lily (*Calochortus catalinae*), seaside calandrinia (*Calandrinia maritima*), and bright green dudleya (*Dudleya virens*). Should these species be listed as threatened or endangered, the applicants will submit the HCP and IA in support of a permit amendment.

The proposed action includes 79 single family homes and an 18-hole public golf course. Measures to minimize and mitigate impacts include phased grading, revegetation, conservation easements, a coastal bluff/open-space preserve, removal of non-native plants, cowbird and predator trapping, and perpetual funding for habitat management.

The EA considers the environmental effects of the proposed action and 2 alternatives: a reduced project/reduced HCP alternative, and a no action/no take alternative. The no action and reduced project alternatives were not selected because neither provide the substantial long-term conservation benefits to the gnatcatcher and other candidate and sensitive species that would be provided under the proposed action.

The proposed action would result in a net gain of 61.4 acres of coastal sage scrub (29.7 acres on-site, 31.7 acres off-site) and 2.9 acres of coastal bluff (on-site) in dedicated preserves. Under the proposed action, the enhancement and permanent protection of coastal sage scrub habitat would provide substantial

long-term conservation benefits to the gnatcatcher. The proposed action also would provide substantial permanent conservation benefits to the cactus wren and 6 sensitive plant species, 3 of which are Federal category 2 candidates for listing.

SUPPLEMENTARY INFORMATION:

Background

This investigation is being instituted
in response to a petition filed on March
31, 1995, by Southwestern Pipe, Inc.,
Houston, TX.

Participation in the Investigation and Public Service List

Persons (other than petitioners)
wishing to participate in the
investigation as parties must file an
entry of appearance with the Secretary
to the Commission, as provided in
§§ 201.11 and 207.10 of the
Commission's rules, not later than seven
(7) days after publication of this notice
in the **Federal Register**. The Secretary
will prepare a public service list
containing the names and addresses of
all persons, or their representatives,
who are parties to this investigation
upon the expiration of the period for
filing entries of appearance.

Limited Disclosure of business Proprietary Information (BPI) Under an Administrative Protective Order (APO) and BPI Service List

Pursuant to §§ 207.7(a) of the
Commission's rules, the Secretary will
make BPI gathered in this preliminary
investigation available to authorized
applicants under the APO issued in the
investigation, provided that the
application is made not later than seven
(7) days after the publication of this
notice in the **Federal Register**. A
separate service list will be maintained
by the Secretary for those parties
authorized to receive BPI under the
APO.
